

Sexy As Hell

Sarah Connor

You're sexy as hell
gimme your love
gimme your love
while recording
gimme your love
gimme your love
I cant hold it back
you're sexy as hell

I wanna sing about all the things
that we think about but is not happenin
I wanna take u to another place
wanna dance all night
wanna feel the bass
pumpin in my body now
somethin that will make me loud
dont stop till I scream it out
I cant hold it back

I m trippin because
I m cravin your love
u got me to sing
I want it want it
I m trippin because
I m cravin your love
u got me to sing
I want it want it

you're sexy as hell
gimme your love
gimme your love
while recording
gimme your love
gimme your love
I cant hold it back
you're sexy as hell

u need to make it stop
I m not allowed to touch
I want it way too much
your body and your mind
u do it everytime
u make me cross the line

you're sexy as hell
gimme your love
gimme your love
while recording
gimme your love
gimme your love
I cant hold it back
you're sexy as hell
