

# Home To Me

Sarah Darling

You look like Georgia  
On a cool summer day.

Your smile hits me like  
A breeze blowin' off the lake.

You talk like Kansas  
You can see to the horizon  
There's no place for  
The words to hide  
'Cause you mean what you say  
Mean what you say

Got a heart like Indiana  
Laugh like Louisiana  
Take me down to Alabama  
Show me some of that laid back vibe  
Kissin', while we're Fishin' in the moonlight  
Shine like California  
High like an Arizona noontime  
Baby when you're all mine  
Anywhere, any place I go

You feel like home to me.  
You feel like home to me.

Love's taken me across the map,  
All the way to hell and back.  
Gave everything I had and  
I Lost my mind a couple times  
Met you and I was sure  
I found the center of the universe  
Hit the interstate fast and  
Now I'm never looking back, no  
Lookin' back, lookin' back oh no...

Got a heart like Indiana  
Laugh like Louisiana  
Take me down to Alabama  
Show me some of that laid back vibe  
Kissin', while we're Fishin' in the moonlight  
Shine like California  
High like an Arizona noontime  
Baby when you're all mine  
Anywhere, any place I go

You feel like home to me.  
You feel like home to me.  
You feel like home...

Got a heart like Indiana  
Laugh like Louisiana  
Take me down to Alabama  
Show me some of that laid back vibe  
Kissin', while we're Fishin' in the moonlight  
Shine like California  
High like an Arizona noontime

Baby when you're all mine  
Anywhere, any place I go

You feel like home to me.  
You feel like home to me.  
You feel like home...  
You feel like home to me
