

Wrapped In Moonlight

Sarah Darling

Say those words again,
Whisper in my ear,
Softly pull me in,
'Cause all I wanna hear,
How you want me so,
More than anything,
This perfect night,
Heaven's shining down.

Forever wrapped in moonlight,
Your arms around me so tight,
'Til everything just fades away.
Shining on each other,
Like diamonds on the water,
I always want to feel this way.
Every night of our lives,
Wrapped in moonlight.

Then you lay me down,
Softly in the sand,
And you move me like the ocean rolling in.
Like a paperback romantic fantasy,
About two people,
Lost in love.

Forever wrapped in moonlight,
Your arms around me so tight,
'Til everything just fades away.
Shining on each other,
Like diamonds on the water,
I always want to feel this way.
Every night of our lives,
Wrapped in moonlight.
