

# Fallin'

Sarah Geronimo

I'm afraid to fly  
And I don't know why  
I'm jealous of the people the who are not afraid to die

It's just that I recall  
Back when I was small  
Someone promise that they'd catch me  
But then they let me fall

And now I'm fallin  
Fallin fast again  
Why do I always take a fall  
When I fall in love

You think by now I've learned  
Play with fire You'll get burn  
But fire can be oh so warm  
And that's why I return

Turn and walk away  
That's what I should do  
My head says go and find the door  
My heart says I found you

And now I'm fallin  
Fallin fast again  
Why do I always take a fall  
When I fall in love

Help I'm fallin  
Catch me if you can  
Maybe this time I'll have it all

When I fall in love  
Loving someone...  
I only got me to blame

Help me I'm fallin fallin  
Catch me if you can

Maybe this time I'll have it all  
Maybe I'll make it after all  
Maybe this time  
I won't fall  
When I fall in love  
Oh ohh
