

Fallin'

Sarah Geronimo

I'm afraid to fly
And I don't know why
I'm jealous of the people the who are not afraid to die

It's just that I recall
Back when I was small
Someone promise that they'd catch me
But then they let me fall

And now I'm fallin
Fallin fast again
Why do I always take a fall
When I fall in love

You think by now I've learned
Play with fire You'll get burn
But fire can be oh so warm
And that's why I return

Turn and walk away
That's what I should do
My head says go and find the door
My heart says I found you

And now I'm fallin
Fallin fast again
Why do I always take a fall
When I fall in love

Help I'm fallin
Catch me if you can
Maybe this time I'll have it all

When I fall in love
Loving someone...
I only got me to blame

Help me I'm fallin fallin
Catch me if you can

Maybe this time I'll have it all
Maybe I'll make it after all
Maybe this time
I won't fall
When I fall in love
Oh ohh
