

# It Takes a Man and a Woman

Sarah Geronimo

Well it just takes a star to get up so high  
One touch of blue to paint up the sky  
And it only takes a master of art  
To paint a mother and child

Well it just takes the dawn to wake up the sun  
One lullaby they do picked on  
But these wondrous things  
Aint got what it takes to make two hearts beat as one

It takes a man and a woman and one magic moment  
To know their in heaven  
It takes a man and a woman to feel what we're feelin'  
And aint it a miracle that you'd take a woman like me  
To love a man like you

Well it just takes a rainbow river to flow  
Just take something up to catch you a rainbow  
And if you got some time and a ladder to climb  
You'll find the rainbows end

Well it just takes some notes to write a song  
La, la, la, la, to sing along  
But since Adam and Eve when feelings get strong  
To do what comes naturally

It takes a man and a woman and one magic moment  
To know their in heaven  
It takes a man and a woman to feel what we're feelin'  
And aint it a miracle that you'd take a woman like me  
To love a man like you

It takes a man and a woman and one magic moment  
To know their in heaven  
It takes a man and a woman to feel what we're feelin'  
And aint it a miracle that you'd take a woman like me  
To love a man like you
