

# Just Believe

Sarah Geronimo

Here you go again ready to give up,  
Feeling so pressured again, enough is enough

-Refrain-

Believe me or not you're not alone  
Everyone's hope is running thin  
But it's never as bad as it seems

-Chorus-

Just believe, things can only get better,  
Just believe, your spirit gets so higher,  
Just believe, tomorrow can shine brighter,  
All you've got to do is just believe

Every now and then, nothing turns out right,  
You feel so unloved as you cry all through the night

(Repeat Refrain)

(Repeat Chorus)

Sad moments so bad to make us appreciate the happy  
times,  
We always seem to take for granted  
Always taken for granted  
Oh oh oh oh

Just believe, things can only get better,  
Just believe, your spirit gets so higher,  
Just believe, tomorrow can shine brighter,

No need to feel down, turn face around,  
All you got to do is just believe  
No need to feel down  
You can turn face around,  
You can do it if you just believe  
Umm, just believe...
