

# Look Inside Ourselves

Sarah Geronimo

Sometimes when I lay here beside you  
It's the moment of truth  
I don't know what to do  
Should I let you know hOw I'm feeling  
Coz there's something not right  
I feel it tonight

Take a breath and think it over  
Can we make it even better  
Do we have the answer to the question why

Nobody said it was an easy life  
It's gonna be a crazy ride  
We're getting nowhere gotta look inside ourselves  
And realize what the truth is  
We start to look at it with all our doubts  
And all the problems that could be  
But without you I'd be lost  
This you need to know

Something that was good is worth saving  
Can we turn it around can we just work it out  
I don't wanna sound like complaining  
But we can't wait too long or the rest will be gone

Take a breath and think it over  
We should try to make it better  
We must find the answer to the question why

Nobody said it was an easy life  
Let's see if we can get it right  
It's up to us we've got to look inside ourselves  
I wanna know what we're doing  
I hate to think that there is no way out  
And now you're turning away from me  
Without you I'd be lost  
I know there's something I don't see

I still remember what you said to me  
And that's what I believe  
I know that something that could be so strong  
Is waiting for us so

Nobody said it was an easy life  
It's gonna be a crazy ride  
We're getting nowhere gotta turn it all around  
And realize what the truth is  
We start to look at it with all our doubts  
And all the problems that could be  
But without you I'd be lost  
This you need to know

It's up to us if we can look inside ourselves  
I wanna know what we're doing  
We gotta change it or we're losin' out  
It used to always be easy  
I would hate to see us gone

Can we save our love.
