When I Met You

Sarah Geronimo

There I was, an empty piece of a shell
Just minding my own world
Without even knowing, what love and life were all about
Then you came,
You've brought me out of the shell
You gave me the world to me, and before
I knew, there I was so in love with you

You gave me a reason for my being
And I love what I'm feeling
You gave me a meaning to my life
Yes, I've gone beyond existing
And it all began, when I met you

I love the touch of your hair
And when I look in your eyes, I just know
I know, I wanted something good
And I'm sure, my love for you will endure
Your love light up my world and take all my cares
Away where they can't bother me

You gave me a reason for my being
And I love what I'm feeling
You gave me a meaning to my life
Yes, I've gone beyond existing
And it all began, when I met you

You taught me how to love
You showed me how tomorrow and today
My love, is different from the yesterday
I knew, you taught me to love
And darling, I will always cherish you!
Today, tomorrow and forever...

And I'm sure, our evening will come around
I know, we'll be making love, like never before
My love, who could asked for more

You gave me a reason for my being
And I love what I'm feeling
You gave me a meaning to my life
Yes, I've gone beyond existing
And it all began, when I met you
