

Within

Sarah Geronimo

The eyes can't hide
What's running through the mind
When love begins to die
It yields the tears we cry

Behind a smile
Could be a struggling lie
And though we try so hard
We just can't fake it

*But why do we allow
Somebody to step in?
Though they can't read
Between the lines
When we are hurting

**I don't want to cry aloud
I want him to be the one to know
That I'm in pain and
He's the one to blame
I want him to figure out
It's all about discerning what is real
What I trully feel
To see the meaning
Knowing what's within

He holds my hand
But never understands
Embracing me is coldness
He's too numb to feel
If I convey
The things I have to say
I thinks I'll only make a fool
Of myself

Repeat * & **

When he starts to see
These tears inside of me
Then I'll believe
That he perceives
Just what's within
What's within
