

# Uniform Grey

Sarah Harmer

It's perfectly suited  
This uniform grey  
There are no bearings  
To the day  
I came down from the air  
And i'll leave by boat

I'm down with your rainy town  
Out on the spit  
With the biggest port around  
My friend is on the way  
He's bringing my coat

Oh you don't do, what I want you to  
But I haven't been  
Through what you've been through  
And we could use that  
As an excuse  
If that's what you choose  
If that's what you choose

Well it was kinda hard  
To pull away  
He said "Buck up baby,  
It's okay  
The sunlight on the floor will always fall."

And I meant to write it on the plane  
High above my earthly pain  
But I slept right through the flight  
And that was all

Oh you don't do, what I want you to  
But I haven't been  
Through what you've been through  
And we could use that  
As an excuse  
If that's what you choose  
If that's what you choose

It's perfectly suited  
This uniform grey  
There are no bearings  
To the day  
I came down from the air  
And i'll leave by boat

I'm down in your rainy town  
In the spare room  
With the biggest port around  
My friend is on the way  
He's bringing my coat x 3
