

## Backwards/Forwards

Sarah Jaffe

No, you first  
well you brought it up  
I'm just swimming in my temptation  
my blood my wine

Now I'm having  
a whirlwind of a time  
confusion is mine I own it  
I can never get to you if I'm going...

Back and forth  
backwards forwards  
back and forth  
backwards forwards

Wake up in the twilight  
you're a dream in black and blue  
you're in between the sky and the ground  
and I can never get to you

A dirty compromise  
a dirty split in the making  
well that's an abyss of a thought  
truly no one knows what they've got

(it's always)  
Back and forth  
backwards forwards  
back and forth  
backwards forwards

Maybe it's all because I'm not made for it  
give me back my brain let me sugarcoat it  
all is well when you're lost and then you're found  
seriously... it's like moving...

Back and forth  
backwards forwards  
back and forth  
backwards forwards
