

## Black Hoax Lie

Sarah Jaffe

You're on your way to the bottom  
at least you know where you're going  
and even when I'm sinking I feel sad  
see I never let down and I never let go  
guess that means I'm invisible  
and all that time I really missed my pride

And I'm living a black hoax  
living a black hoax lie  
wherever you left me  
that's where my heart still lies

Once at night where I reside  
I lay there still where I want to cry  
and I broke the bed and its mattress springs  
I told them I'll break the bread  
but I'll hog the wine  
gather around, it's forgetting time  
oh I really miss my pride

I'm living a black hoax  
living a black hoax lie  
wherever you left me  
that's where my heart still lies  
wherever you left me  
that's where my heart still lies
