Rainbow of my night
This will make a good satire
Rainbow of my night
This will make a good satire
I'll be leaving now
I can show myself out
I'll be leaving now
I can show myself out
Rainbow of my night
This will make a good satire
Rainbow of my night
This will make a good satire
I'll be leaving now
I can show myself out
I'll be leaving now
I can show myself out
Sometimes for you I
Sometimes for you I

I'll be leaving now
I can show myself out
I'll be leaving now
I can show myself out
I'll be leaving now
I can show myself out
I'll be leaving now
I can show myself out
Rainbow of my night
This will make a good satire
Rainbow of my night
This will make a good satire
I'll be leaving now
I can show myself out
I'll be leaving now
I can show myself out
I'll be leaving now
I can show myself out
I'll be leaving now
I can show myself out
