

Sucker For Your Marketing

Sarah Jaffe

Whatever you put out I'm gonna buy it
So, what's your latest, I wanna try it
Are you still in love, or are you over it again
When the damn thing grew, oh, with no intent

Oh, oh, oh, oh (echoed)

When it's wildest seed spread it's disease
When the comfort grew to the deepest blue
And the way truth came on it's own time
When it did, it came before you realized

Oh, oh, oh, oh (echoed)
