

# Wreaking Havoc

Sarah Jaffe

You plus one  
me plus none  
like a bag of bones  
drag my ass back home

You do it just to spite  
you know it makes me cry  
I know it makes you cry  
melodramatic lie

We're wreaking havoc  
let's give your problems a name  
we both like pain

When you break my heart  
when the crow picks me apart  
when my shadow starts to bleed  
or my brain doesn't feel the need

You know you're just in time  
in through the yellow light  
a cinematic view  
I think you're mental too

We're wreaking havoc  
and we're both to blame  
we both like pain
