

## Brink of Destruction

Sarah McLachlan

It would be if it could be, so wonderful if we succeed  
Your warmth and your words found a place in my world and breath  
ed new life in

We come from the brink of destruction  
We gathered ourselves from the floor  
We tried and we suffered and finally recovered  
And found a new way to live  
We're two side by side with impossible dreams  
Taking a chance to let love in

Storms come I learned to be strong  
I don't lean on anyone else  
But now I am so content here in your arms  
I don't want to be anywhere else  
With you I'm home, with you I'm home

I hold fast to my destination,  
I know that the road will be long  
We light up the sky let the beauty define us and give,  
Give it all we got  
We're two side by side with impossible dreams  
Taking a chance to let love in

Storms come, I learned to be strong  
I don't lean on anyone else  
But now I'm so content here in your arms  
I don't want to be anywhere else  
With you I'm home, with you I'm home
