

Find Your Voice

Sarah McLachlan

There's a lot tryin' to bring us down,
The pay is cheap, the lines are long, and, oh,
I can't get a live voice on the phone

Everyone's in such a rush,
No time to stop and enjoy the hush
Of a quiet word
To let you know you're not alone

Oh, it would be such a lovely road
If we could walk together
Let's find our voice,
Shout it from the inside
Let's make a choice
To be the change we want to see
And all rejoice
To find the good in everyone
Shine a light for all to see
In peace and harmony

Merry Christmas
