

Euphoria

Sarah Slean

Take me, love me,
Invade the portions of me
That are dark, and warm, and deep.
Hero or zero, I'm glad that you're here.
So take you're love and take you're leave.
Now, how will I feel asleep?

I'm onto ya
Euphoria
You built the maze
In my lover's face
I'm onta ya
Euphoria
This state of grace

I could have held him
But alas the dawn compelled him
To walk into the street
His arms are swingin'
And maybe he is singin'
With those lips that taste of me.
How am I supposed to fall asleep?

I'm onta ya
Euphoria
You built the maze
In my lover's face
Oh, I'm onta ya
Euphoria
I'm onta ya
Euphoria
You built the maze
In my lover's face
Oh, I'm onta ya
Euphoria
This state of grace
