

## I Know

Sarah Slean

Loud mouth, suits and ties  
Liars, with money and girls  
The kind you fit in your pocket  
I can't save them from this darkness  
My sisters, I love them all  
My faeries pinned against the wall

I know what you want  
And I know what you want  
And I know

Doll, made of paint and china  
Your worth lies only in these  
But you're real to me  
Little bones, will you break these legs like twigs now?  
There's pain here you'll never have to feel  
Never have to feel

I know what you want  
And I know what you want  
And I know

And I would fight a thousand men  
I'd fight fire and wind and rain  
I'd cry a river of tears for them  
The bodies floating there  
Christ-like and bare  
Tell me, is that fair?

There are some things I can't forgive  
Some things I just can't forgive  
Some things

Jesus, I thought we had an understanding  
The fact that you can buy a woman  
Makes me want to die  
Where were you last night?  
Jesus, Jesus  
Where were you?

And I know what you want  
I know it all too well  
And I know  
I know
