

Easy Living

Sarah Vaughan

Living for you is easy living
Its easy to live when youre in love
And Im so in love
There is nothing in life but you

I never regret the years that Im giving
Theyre easy to give when youre in love
Im happy to do whatever I do for you

For you maybe Im a fool
But its fun
People say you rule me with one wave of your hand
Darling, its grand
They just dont understand

Living for you is easy living
Its easy to live when youre in love
And Im so in love
Theres nothing in life but you
