Lover Come Back

Sarah Vaughan

The sky is blue and high above
The moon was new and so is love
This eager heart of mine is singing
Lover come back to me

You came at last, that day is past The day is past, you've gone away This aching heart of mine is singing Lover come back to me

I remember every little thing You used to do, I'm so lonely Every road I walk along I walk along with you No wonder I am so lonely

The sky is blue, the night is cold The moon is new but love is old And while I'm waiting here This heart of mine is singing Lover come back to me

I remember every little thing You used to do, I'm so lonely Every road I walk along I walk along with you No wonder I am so lonely

The sky is blue, the night is cold
The moon is new but love is old
And while I'm waiting here
This heart of mine is singing
Lover come back, lover come back
Lover come back to me
