

# The Impaler Prince

Sargeist

Vlad the third, the Impaler Prince  
Wallachian lord of sins  
Born in 1431 in Sighisoara

The year was same his father became  
A part of the Dragon Order  
Thus the name Dracul - the devil  
The dragon of evil and hate

Years had passed and he was taught  
The art of war and noble ways  
He had the Faragas and Almas dutches on his days

Destiny gave him not more than six years on the throne  
Still he ruled with tyranny and mercy was not shown  
He loved to set a banquet up and watch the people die  
Old and young and children tortured under Dracul's eye

Armies of the Turkish fled with fear burnt in their hearts  
Terror spread where corpses hung and where the rotting starts  
On mountains near the River Arges he had ment to be  
But on this sorrow-guided trail became his misery

Betrayed by no one but his brother - he did flee  
His wife had thrown herself to death for brother's men to see  
For years he was a captive in the court of Hunyadi  
Then he came to pay revenge and set a reign to be
