

Don't Break My Heart

Sarina Paris

you took me by surprise
just like a rainbow in the night
when i looked in your eyes
i could see diamonds shining bright

i never realized
that you'd be the one to make it right
you got me hypnotized
before my life was black and white

you were nice to me
i want you near me everyday
lets not have that dream
you and your ways
don't break my heart

(rhythms)

don't break my heart

we're getting serious
life by your side can be so nice
your so mysterious
yesterday you were cold as ice
i wanna know how you feel
if your feelings are the same
when are your smiles are for real
or is a game

don't break my heart
