Don't Break My Heart

you took me by surpirse just like a rainbow in the night when i looked in your eyes i could see diamonds shining bright

i never realized that you'd be the one to make it right you got me hyponotized before my life was black and white

you were nice to me i want you near me everyday lets not have that dream you and your ways don't break my heart

(rhythms)

don't break my heart

we're getting serious life by your side can be so nice your so mystrious yesterday you were cold as ice i wanna knoe how you feel if your feelings are the same when are your smiles are for real or is a gail

don't break my heart
