

Goodbye

Sasha

We are the same kind in many ways
we share the same disease, we are lunatics
and mad about adrenalin
and there is no way of stopping us
we stick to our addiction, but finally
the winner's only one of us
there's been a lot of fuss and fight on our way
and now there's only one thing left to say

so we say good bye, bye bye, bye bye
and we put our hands up in the sky
and we wave our handkerchief you gotta leave
so we say good bye, bye bye, bye bye

you know you can't always walk along
the sunny side of the street, there is mis'ry
around us from time to time
and so you never know the way it goes
tomorrow we might be losers but this time
we wanted all and got it all
so after all the fuss and fight on our way
there's only one thing left to say

and we say good bye, bye bye, bye bye
and we put our hands up in the sky
and we wave our handkerchief you gotta leave
so we say good bye, bye bye, bye bye

you're welcome as a friend
I hope you understand
that we don't wanna drive you round the bend
but when it's getting rough
and you're best is not enough
all that it comes down to in the end
is to say good bye, bye bye, bye bye
this may be be the worst day in your life
and you may think that this is hard, but you are harder
and for sure you'll get bye, bye bye, bye bye

and we say good bye, bye, bye, bye bye
and we put our hands up in the sky
and we wave our handkerchief you gotta leave
and we say good bye, bye, bye, bye bye...
