

Let Me Be the One

Sasha

You are all I ever need
And I still wonder what I'd be
Without you to hold me when I call
Would I be anything at all
Sometimes I wonder what a fool I've been
please open up your arms and let me in

Let me be the one for you,
Let me be the one for you
Let me be the one for you

You have touched me with your eyes
Like no one else has touched me
It's funny but you know that
I can't take you by surprise
It's just the way it should be
I think by now you know me

I've been too blind to see what I have found
But all I know is that I need you around

Let me be the one for you,
Let me be the one for you
Let me be the one for you

Let me be the one for you,
Let me be the one for you
Let me be the one for you
