

# Lost in Your Blue Eyes

Sasha

Another endless night is gone  
I couldn't fall asleep  
the world is tumbling down on me, oh yeah  
do you remember yesterday ?  
do you remember me ?  
I couldn't get away from you  
even when you've gone away from me  
you've gone away from me  
tell me why, I'm missing your blue eyes  
I don't regret a single tear,  
that I cry for you  
I don't regret a single day,  
so respect my love

I'm lost in your blue eyes

The only way back to your heart  
is tellin' you the truth  
but I won't beg upon my knees  
no I won't back down, no, no  
I'm waitin' for a sign from you  
I'm tryin' for so long,  
the innocence of life's been gone  
so listen to my words

I'm lost in your blue eyes
