

Right on Time

Sasha

If I could fly I would fly across the river
just to get to your heart
when we 're alone all my bones start to shiver
the feeling tears me apart

I wanna give you all the best in me
if you 'd just give me a minute

Let me have you, girl,
I will make you feel alright
Let me have you, girl,
even if it takes all night

I'll be right on time for love,
right on time for your love

Give me your time and we 'll spend it together
just call out my name
send me a sign and I 'll be yours forever
I hope that you feel the same

I wanna give you all my heart for free
if you'd just give me a minute
