

There She Goes

Sasha

An ordinary day, lika any other day
It's not my birthday, I'll take it anyway
A quite common scene, the daily routine
seams to strike again
But then, showing up to turn the tide
She comes in sight, to prove me a lair
She's ringing my bell, tunrning everything else black an white

There she goes, far away, so close
There she goes, like uhuhlala
There she goes like a miracle on the road
And god knows, where she goes

She's like a stereo best case scenario
If I'd shoot a film she'd get a cameo
My heart skips a beat and while it does
She's rushing by, like a natural high
No,no,no there's no need for speeding
Slow,slow,slow, please my heart, keep beating
The whole street's yelling hale to the queen of the day

There she goes, far away, so close
There she goes, like uhuhlala
There she goes like a miracle on the road
And god knows, where she goes

There she goes, far away, so close
There she goes, like uhuhlala
There she goes like a miracle on the road
And god knows, where she goes
God only knows, where she goes
