I use to - love you
Shame on - me 'cause
All my desperate thoughts are still
Revolving around you

You said - you go And then you - left me here And without a single doubt This was forever

So why did you call me - late last night?
Do I deserve you - wasting my time?
Hope you enjoyed watching my fall
So why did you call - at all, at all?

Well, I'm not - stupid
Or lovesick - anymore
I'm much closer than you know
Trying to get over you

So why did you call me - late last night?

Do I deserve you - wasting my time?

Hope you enjoyed watching my fall

So why did you call - at all?

Hello

That's what you said when you rang me outta bed

Hello, hello

That's more than enough to know I'm not so tough

After all

Why did you call me - late last night? Do I deserve you - wasting my time? Hope you enjoyed watching my fall So why did you call - at all?
