

What You Gonna Do

Sass Jordan

What have I done
I have gone too far
I can't look back
From this shooting star
But I'll say that I'm sad
But I'll say

What you gonna do when I'm gone
What you gonna do now

I live my life in a pack of lies
I must speak the truth once before I die
But I'll say that I'm sad
Yes I'll say

CHORUS

I love you... yes I do
