

I Wanna Hold Your Hand

Satan Takes a Holiday

Oh baby baby come on
Give me sex and moan
I wanna be with you all night
So come take me home
Yeah

That little shimmer in my eye
Is nothing for you to fear
You'll be safe and sound
And when you finally surrender
We're forever bound

I wanna hold your hand
Like noone can
I wanna hold ya
If I can't hold ya
Noone will

Oh baby baby hold on
It's you who threw me this bone
You danced so slow
That's how I know
That I would get you alone

I wanna hold your hand
Noone can
I wanna hold ya
If I can't hold ya
Noone will

If I can't hold ya
Noone will
Noone can
I wanna hold ya
If I can't hold ya
Noone will
