

## Don't Skate On My Ramp

Satanic Surfers

May I say something to you  
Straight from my heart, you know it's true.  
I think you're so fucking sick,  
You're stupid and you're weak  
And everything you stand for is fucking wrong.  
Why don't you think a second time  
And try to keep an open mind.  
Maybe then you'll understand  
Learn to lend a helping hand,  
Instead of using it for masturbation only.  
You are a nazi skinhead and I know you hate me  
Because i'm not like you, no!  
And I don't share your opinion.  
Your fascist way of thinking,  
Your racist point of view  
Your primitive way of acting  
You know what you can do now?  
You can take your nationalism  
You can shove it up your ass, yeah!  
You can take your white arian pride now,  
You can shove it up your ass, yeah!
