

Forfeiture

Satanic Surfers

People slave every fucking day working
their asses off 'cause there's mouths to
feed and rents to pay abd thats how the
governement wants things to stay 'cause
they prosper from our ignorance and as long
as the masses lack the ability to understand
the complexity of goverment politics bureaucracy
can be used to alienate us from what controls
our lives they have us well in hand but we can
take command 'cause they only have power
as long as we let them this charade called
democracy is profiting from our loss this charade
called democracy no reprezent us.
