

Story Of A Lazy Dreamer

Satanic Surfers

I have so many things to do
Still I don't do a shit
My life is just a fuckin' bore
And I don't know what to make of it
What shall I make of myself

Don't have a job and I don't go to school
I just don't know what to do
Don't want to be like my mum & dad
And I sure don't wanna be like you

I just want to take my skateboard
My guitar, My girlfriend
Walk away from this whole world
Let it self-destruct until the end
What if I did that what would you say
What if I just went and walked away

Do you know what time is it
How dare you wake me at this hour
I'm not going anywhere
So why should I take a shower
Why should I even get out of bed?

I just want to take my skateboard
My guitar, My girlfriend
Walk away from this whole world
Let it self-destruct until the end
What if I did that what would you say
What if I just went and walked away

Just walk away
