## You Can Count Your Money In Your Graves, You Filthy Bastards

**Satanic Surfers** 

Great man playing war like if common people just were toys They can always buy new
So it's OK to loose a few

Religion's made the people blind, promised something they'll ne ver find

A precious paradise A final ride into glory

Cause when you're killing for money The blood you spill doesn't count

How you stop this fucking madness, get them off of their high h orses,

high and mighty bunch of assholes, god damn fucking hypocrites

What's the problem, they're off to Balkan

Great man playing war like if common people just were toys They can always buy new So it's OK to loose a few

Cause when you're killing for money
The blood that they spill
Doesn't count
