

## Guided By Black Light

Satanic Warmaster

I have chosen the dark side  
I have felt the touch of  
the mental plague  
Consuming all that was  
once human

I'm the poison, I'm the disease  
darkening your light  
infecting you with lethal curse

My light is your darkness  
your suffering is my gratification  
I'm the disease living in,  
consuming in your paradise
