

## The spawn of the shadows

Satariel

The ancient blood runs in my veins,  
and magick sleeps in my heart  
For I am the god of the five spirits,  
and I am of the blood of Kingu  
I am the ruler of the serpent Kel  
I am the lord of AWKACRP - the two-faced  
I am the son set by the seed of Astaroth  
I am the spawn from the womb of Hecate  
I rule by Taphthartharath in cosmos,  
and I explore it to feed this new mind in me I open it's eyes  
to watch and learn,  
as I wander the eternal night of Kliffoth  
The ancient blood runs in my veins,  
and magick sleeps in my heart  
For I am the god of the five spirits,  
and I am of the blood of Kingu  
Treasures of Dis I win  
The love of Ishtar of Venus is mine  
The light of Uddu lets me see  
The Flesh of Tiamat reveils it's secrets for me  
Tiriel of Nebo I am, for I am Zeez - the traveller of Bemm  
Fot I am Nema-Tous, I am them all;  
I am the first eye of the lord Phosphorus!
