

## Softly On The Path You Fade

Saturnus

Softly on the path you fade  
In shining darkness  
On the path you fade  
and the forest grows dark  
Casts long shadows on my heart  
here midst the flaming  
near snowing wolf paths  
among the winds that bows the great trees  
in their might  
here - softly on the path you and I fade  
in the shining light
