

# Nekrohaven

Satyricon

I grant you a sign  
With my bare hands  
From the underworld  
I drove you around  
With no remorse  
And now I'm dead to you

You saw my head spin  
With your own eyes  
I'm not immortal  
It's broken you down  
And torn you apart  
And now I'm dead

Find me  
Take me  
To the void, to the crooked nest  
To nekrohaven

The bestial screams  
A life devoted  
To the occult  
The flickering lights  
My dream came true  
And now I'm dead

Find me  
Take me  
To the void, to the crooked nest  
To nekrohaven

Now all men weep  
In my bare hands  
'cause the lion  
No longer roars  
And now I'm dead

Find me  
Take me  
To the void, to the crooked nest  
To nekrohaven
