

Trial By Fire

Savage Grace

Disciples of Belial met we
In a silent covey at the dead of night
Chant: Trial by fire
The initiation of blood with the covenant of death
Bind the soul to a compact with hell
Chant: Trial by fire

Know not thou of wicked deeds, lascivious
Behaviours and wanton greed
Confess thy sins, purge thy soul, verdict is
Given, cry no more, but bear the sentence of a
Trial by fire
The sentence shall be trial by fire

Voices raised in a hymn of praise, to the glory
Of abjuration of thy faith
Chant: Trial by fire
Eat the flesh of the child's breast and cast
Thy spells with malicious intent
Chant: Trial by fire

Burn witch burn, burn bitch burn
Burn witch burn, burn bitch burn

Sentenced to be tried by fire
Sentenced to die by fire

Trial by fire
Trial by fire
