

# Don't Cry Tonight

Savage

When you find the light to an upset shade away  
If you never, never let me go with every melody  
And you often were at leaving just my life  
If you're really not to tug an and  
Buy too many fantasy... me too

When you need to get another chance today  
For a thunder is the past a path we are human been  
Do you rather like to feel what is my life  
If you're really going to listen baby  
At my fantasy... and me

REFRAIN:

Don't let me go  
Don't cry tonight  
Don't let me go  
Don't cry tonight

Just a random access memories of dreams  
As you're hangin' upon me, do you love melody  
Thieve of golden toys to an upset time away  
As we're human been at last we have the melody... we too

Don't let me go  
Don't cry tonight  
Don't let me go  
Don't cry tonight

Don't let me go  
Don't cry tonight  
Don't let me go  
Don't cry tonight

Don't let me go  
Don't cry tonight  
Don't let me go  
Don't cry tonight

Don't let me go  
Don't cry tonight  
Don't let me go  
Don't cry tonight

Don't let me go  
Don't cry tonight  
Don't let me go  
Don't cry tonight

Don't let me go  
Don't cry tonight
