

# Only You

Savage

Only you  
When I really get nothing to do  
Can't be true.

Only you  
When I'm looking for somebody new  
You're the clue.

Only change my mind  
When I feel so blind  
Then you make me see  
Love is free.

Only you  
When I look at your eyes in the blue  
Love me too.

Only you  
When your teardrops are lit by the moon  
Laugh too soon.

Only change my mind  
When I feel so blind  
Then you make me see  
Love is free.

Don't push me aside (my love's alive)  
Don't leave me to die (you will survive)  
You hold me so tight (turn off the light)  
It all seems so right...
