Do you really want to know my name?
Do you really want to go with me?
Do you really want to have my time?
Do you really want to have my life?

I look for you
Everytime I need your love...

Have you ever seen my heart in love?
Have you ever seen my eyes on you?
Have you ever reconed with my world?
Have you ever figured with my heart?

I spend my time
All my time just wondering...

"Your fantasy"
"Your destiny"
"Your melody"
"Oh, don't try to see"
"Your fantasy is my memory"
"Your destiny has time to be"

Do you want me
Or are you living my life?
Do you kiss me
Or do you feel me somehow?
Do you listen?
Are you running away?
Do you play me
Or do you sing in my songs?

I look for you
Every time I need your love...

"Your fantasy"
"Your destiny"
"Your melody"
"Oh, don't try to see"
"Your fantasy is my memory"
"Your destiny has time to be"

Your fantasy...
My fantasy...
