

City's Full

Savages

So many skinny pretty girls around
Honestly, I just wanna go down
Try to pretend there's nothing wild
Why do you treat yourself so bad

City's full of
City's full of
City's full of
Sissy pretty love

Your serious eyes dehumanize
What you wanted was never sad
Who blew the flames out of your eyes
Why do you treat yourself so bad

City's full of
City's full of
City's full of
Sissy pretty love yeah

City's full of, sissy pretty love yeah
City's full of, sissy pretty love,
Sissy pretty love
Sissy pretty love yeah

I love the stretch
marks on your thighs
I love the wrinkles
Around your eyes
I take you out darling
We dance all night
But when comes sunlight
You say
I'm going back home

City's full of, sissy pretty love yeah
City's full of, Sissy pretty love.
Sissy pretty love
Sissy pretty love yeah
