

# Goodbyes

Savannah Outen

Walking past you through the hall  
Stopping by, to give you a call  
We've been through it all

Talking to you, saying our goodbyes  
Can't believe that we are leaving  
This is the end for us all  
Yeah, yeah oh

And how do we say our goodbyes?  
Do we laugh or cry?  
And why does this have to be so hard?  
Yeah, yeah oh

And how do we say our goodbyes?  
Do we laugh or cry?  
And do I just say goodbye?  
Should I laugh or cry?

Everything has just disappeared, I can tell that  
I barely got to say goodbye  
'Best friends forever' that's what we used to say  
Now everything is flying away

And how do we say our goodbyes?  
Do we laugh or cry?  
And why does this have to be so hard?  
Why does it have to be?

And how do we say our goodbyes?  
Do we laugh or cry?  
And do I just say goodbye?  
Oh!

I just wish everything was the same  
Now all our memories are floating away  
Yeah! Oh!

And how do we say our goodbyes?  
Do we laugh or cry?  
And why does this have to be so hard?  
So hard!

And how do we say our goodbyes?  
Do we laugh or cry?  
And do I just say goodbye?  
Should I laugh or cry?
