

# Ghost in the Ruins

Savatage

Got a limousine  
I wanna show it  
Future's looking good  
I'll probably blow it  
Had some parents once  
But you'd never know it  
Bank roll oversize  
So what if they stole it

But who am I foolin'  
I'm the king of the ruins

But I'm doin' well tonight  
I got dreams to sell tonight

Got to belong  
Try to hang on  
Got to belong

Ghost in the ruins  
I'm runnin' the street scene  
Ghost in the ruins  
Burnin' like gasoline  
Ghost in the ruins  
I'm takin' you in deep  
East Side West Side playin' for keeps

See the runaway there on the corner  
Just a throw away but somebody's daughter  
Had a pretty face so somebody bought her  
Sellin' her soul away so put in your order

She knows what she's doin'  
She's a ghost in the ruins  
She's doin' it well tonight  
Got dreams to sell tonight  
She wants to belong  
Knows what to do  
She's got to hang on  
Ghost in the ruins  
I'm running the street scene  
Ghost in the ruins  
Burning like gasoline  
Ghost in the ruins  
I'm takin' you in deep  
East Side West Side  
Playin' for keeps

I know  
I know you know  
I know  
I know you know  
I know  
I know you know  
I don't know anymore  
I'm tellin' you  
I don't know anymore

I'm tellin' you  
I don't know anymore
