

The Whip

Savatage

Baby better get it straight
I'm a nasty kinda date
I like to do it hard
Crack the whip
Till you're scarred

Down-down on your knees
Give a kiss and a squeeze
Yea-like you to open wide
Baby baby gonna come inside, yeah yeah

The whip is gonna get you
Drop you to your knees
The whip is gonna get you
Drop you to your knees
Down on your knees

Baby-baby-don't you go
Can't you see I want some more
With the whip in my hand
Got you at my command, yeah

Down-down on your knees
Give a kiss and a squeeze
Yea-I'm gonna stay up late
My baby won't have to wait

The whip is gonna get you
Drop you to your knees
The whip is gonna get you
Drop you to your knees
No!

The whip is gonna get you
Drop you to your knees
The whip is gonna get you
Drop you to your knees
Oh, yeah!
