## **Your Friend**

**Save Ferris** 

I don't wanna have to be your friend I'm so tired of tryin' to be your friend I don't wanna have to be your friend, no anymore

What is happening my friend? You see I use the term so loosely these days Seems we're headed towards the end Soon to be parting our ways Cuz' you've never done a thing for someone else unless you thought that you could help yourself And now the day is here when you have found you finally need the help of someone else But they won't help

Cuz' what you do, you know it's always just for you So I don't care about you anymore

[Chorus:] I don't wanna have to be your friend I'm so tired of tryin' to be your friend I don't wanna have to be your friend, no anymore When it really doesn't matter what I say Cuz' you're never gonna listen to me anyways Well, I don't wanna have to be your friend, no anymore

It seems you've fallen once again Like you've done a thousand times before And now you need a certain friend, someone you can count on But I don't wanna be the one who's always gonna have to make it up to you And I don't wanna be responsible for all the stupid little things you say, and things you do

Cuz' what you did, it seems you've messed up once again So I don't care about you anymore

[Repeat Chorus]

You call me late at night when things are not all right You need someone to get you through again You need a helping hand, someone who understands You're begging and pleading but this time I'm not dealing

Cuz' I walked this road with you too many times before And I realize now that this is not what I want anymore

[Repeat Chorus]

I don't wanna be your friend No, I don't wanna be your friend
